14. Crop Hail		
15. Other		
Line of Insurance		

Does filing only apply to certain territory (territories) or certain classes? If so, specify: All territories are being revised. All A Rate classes are being revised. We are also revising our Owners & Contractors Protective Liability rates. Finally, we are revising our Electronic Data Liability rates. For EDL, we are introducing new high hazard and low hazard rating categories.

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): We are revising our A rates, our Owners & Contractors Protective Liability rates and our Electronic Data Liability rates. Our Prem/Ops rate level indication is 19.7%; however, our revisions only result in a 1.47% net effect. Our Products rate level indication is -13.5%. This indication does justify our Products net effect of -3.40%. For the a rate changes, our net effect is -0.21%. For the Onwers and Protective Liability changes, the net effect is -8.03%. The Electronic Data Liability changes actually result in no net effect, because we do not currently write any premium in Illinois for this coverage. Our overall net effect for all changes combined is -0.07%.

\*Adjusted to reflect all prior rate changes.

\*\*Change in Company's premium level which will result from application of new rates.
